

Dinosaur Warfare

Victorius

For our king, for our land
Earth's glory we must defend
Fireballs in the air
This is dinosaur warfare

Million years ago the world was ruled by the mighty dinosaurs
A holy kingdom protected by an ancient force
Guardians sworn to fight, defending our world
With the power of technology, the legend will return

We fight the invaders from outer space
Who conquer the Holy Land

Mighty dinosaurs fight the holy war
Epic war machines sworn to protect the realm
Mighty dino-force, rise and never fall
Epic war machines sworn to protect the realm

Battles rages on, so many warriors were hurt or fallen
No retreat, we carry on 'till our mission is complete
No surrender, we will fight against pain and slavery
We would rather die than fall on our knees

We fight the invaders from outer space
Who conquer the Holy Land

Mighty dinosaurs fight the holy war
Epic war machines sworn to protect the realm
Mighty dino-force, rise and never fall
Epic war machines sworn to protect the realm

Mighty dinosaurs fight the holy war
Epic war machines sworn to protect the realm
Mighty dino-force, rise and never fall
Epic war machines sworn to protect the realm
