

Adrian

Video Age

You taught me the game, I'm still playin'
You told me to wait, well I hate waitin'
For so long now

Promise may break, I know the score
I keep on holdin' out for you even more

Adrian, I cut some flowers but the feelin' wasn't right
They're lyin' on the dash of my car
Adrian, I thought you'd carry me, I'm over that tonight
I'm drivin' on with you in my heart

It's all over town, people talkin'
When you're not around, they all come knock on my door, uh-huh

Heard through the vine, you're comin back
Give me a call or is that too much to ask

Adrian, I cut some flowers but the feelin' wasn't right
They're lyin' on the dash of my car
Adrian, I thought you'd carry me, I'm over that tonight
I'm drivin' on with you in my heart

I know, I've been distant too
Workin no stop, no break

Adrian, A-D-R-I-A-N, come back again
I said Adrian, A-D-R-I-A-N
