Blushing

Video Age

Pouring rain, violet skies
I'm in heaven, and it's no surprise

Tell me baby is it alright
If I love you till the end of time?
Do you really want to be mine?
Let's get married in the sunshine

Hold me closer, don't let go
Love forever, on and on
Falling falling, deeper yet
Catch me darling, burning red

Red's the color, soft and sweet
Under covers, wild and free

Tell me baby is it alright
If I love you till the end of time?
Do you really want to be mine?
Let's get married in the sunshine

Hold me closer, don't let go
Love forever, on and on
Falling falling, deeper yet
Catch me darling, burning red

Call on me when you wanna be royalty
You are the ruler of my heart

Hold me closer, don't let go
Love forever, on and on
Falling falling, deeper yet
Catch me darling, burning red
