Video Age

Saturday news, it's all blue
I'm in touch
I know that storyline
It won't get me this time
A walk in the park when it ain't dark
The sun, it's up
But you don't recognize
So I just walk on by

I know the world's killing me
I love you, baby, can't you see?
Ain't nothing but a comedy
Oh, I'm laughing but the joke's on me
I'm laughing, hahahahaha
Hahaha
Hahaha, hahaha

Factory yard, who's in charge?
Just my luck
They got a new machine
And it don't break like me
Away on a train, window pane
Is all fogged up
I found my finger trace
A great big smiling face

I know the world's killing me
I love you, baby, can't you see?
Ain't nothing but a comedy
Oh, I'm laughing but the joke's on me
I'm laughing, hahahahaha
Hahaha
Hahaha, hahaha

Hahaha, hahaha
Hahaha, hahaha
