

## Good To Be Back

Video Age

Well, what can I say?  
It's good to be back  
It's good to be back  
While I've been away  
I knew I'd return  
And you haven't changed  
Oh, what can I say?  
It's good to be back  
It's good to be back  
I've made my mistakes  
I live and I learn  
That people can change

I was lost in a new crowd, messing around  
I ain't like them  
Now I'm back at the old home  
I've left it before  
Won't do it again  
Aw, it's good to be back

Sitting in the sunshine  
I look back on where I've been  
All the wonders in the world don't matter  
If I can't see you again  
Aw, it's good to be  
Good to be back

Well, what can I say?  
It's good to be back
