

# Is It Really Over?

Video Age

Is it really over?  
Are we really through?  
Did you break apart this world of mine?  
It's not the one I knew

Is it really over?  
Are we said and done?  
Did I go out sayin' that same old line  
"I thought you were the one"

Is it really over?  
Are we really through?  
Is it really over?  
Cause I ain't over you

Is it really over?  
Are we packing in?  
Did you make a point to leave me blind  
Or have I always been?

Is it really over?  
Are we winding down?  
Will I end up the last one in the place at night  
With no one else around?

Is it really over?  
Are we really through?  
Is it really over?  
Cause I ain't over you

Is it really over?  
Are we near the end?  
Did I fall asleep on borrowed time  
To never wake again?

Is it really over?  
Are we callin' quits?  
To this I'd say my boldest lie  
"It doesn't hurt a bit"

Is it really over?  
Are we really through?  
Is it really over?  
Cause I ain't over you

No, I still ain't over you

(I still ain't over you)  
Oh yeah  
I ain't over you
