Trying to find another answer  
I don't wanna tell them the truth  
Bide my time until I get there  
I wanna be someone like you

But what if I can't, what if I can't  
What if I can't ever really be proud  
What if I can't, what if I can't  
What if I can't ever say it aloud

I'm an anthropologist  
I keep late night hours  
Saving myself for death  
I've got super powers

Trying to find another answer  
I don't wanna tell them the truth  
Bide my time until I get there  
I wanna be someone like you

But what if I can't, what if I can't  
What if I can't ever really be proud  
What if I can't, what if I can't  
What if I can't ever say it aloud  
What if I can't, what if I can't  
What if I can't ever really be proud  
What if I can't, what if I can't

I'm a professional man  
I've got a lot to say  
I take it seriously
