

Shadow On The Wall

Video Age

Lonely night
I'm wishing only I was looking in your eyes
Time goes by
I wanna hold you but I'm never feeling right

Because I know that you're all in my head
So let me go and I'll put you to bed

You're just a shadow on the wall
They don't mean nothing at all
You're just a shadow on the wall
They don't mean nothing at all

Lovely day
The thought of you
Would always carry me away
But it's no fun
The clouds are getting dark
And blocking out my sun

I saw a ghost, baby, haunting my home
Why don't it go away and leave me alone?

You're just a shadow on the wall
They don't mean nothing at all
You're just a shadow on the wall
They don't mean nothing at all

I got the gloom, baby, covering me
Cause you're a cruel silhouette as could be

You're just a shadow on the wall
They don't mean nothing at all
You're just a shadow on the wall
They don't mean nothing at all
