

## Virtual Man

Video Age

I always wanted to be free  
I always wanted to be healthy  
Now it never bothers me  
I'm sinking down in real time

Oh boy  
Every single joy  
All the fascination  
Never to belong  
Another page is gone

Won't you tell me how it feels  
Won't you show me what it looks like  
Living life outside these walls  
I'm falling out of touch now

Oh boy  
Every single Joy  
All the fascination  
Never to belong  
Another page is gone

Now I'm talking in my sleep  
And everyone can hear me  
All my life is such a tease  
I'll take what I can get free  
Oh boy
