

Appadi Poodu Di

Vidya Vox

I'm feeling lovely
I'm beautiful brown
My hair unruly
I'm letting it down
Don't need your blessing
Naan Kalakkaren
Dare you to tell me
To stay in my lane

Killing the game
Not gonna change me
Appadi podu di
Say what you want
Not gonna shame me
Appadi podu di
Giving it back
To people who say to me
What I'm supposed to be
Uh, nobody controlling me
Appadi podu di

Out here fighting
Watch me now
Always rising
Won't back down
Won't be silent
Nobody controlling me
Appadi podu di

Dark knees, dark eyes, no powder
Sun filled my skin holds power
(Log kya kahenge)
Don't care what people say
(Log kya kahenge)
Don't care what people say

Now they try to come for me
Thanai thanai thaa
I'm the one who drums the beat
Thanai thanai thaa
Now they try to come for me
Thanai thanai thaa
I'm the one who drums the beat
Thanai thanai thaa

People, they talking and talking, and
I don't got time to be listening
People, they talking and talking, and
I don't got time to be listening

Killing the game
Not gonna change me
Appadi podu di
Say what you want
Not gonna shame me
Appadi podu di
Giving it back

To people who say to me
What I'm supposed to be
Uh, nobody controlling me
Appadi podu di

Out here fighting
Watch me now
Always rising
Won't back down
Won't be silent
Nobody controlling me
Appadi poodu di

Now they try to come for me
Who they think they are
I'm the one who drums the beat
Thanai thanai thaa
Now they try to come for me
Who do you think you are
I'm the one who drums the beat
Thanai thanai thaa
