

Ello Jogappa

Vidya Vox

I know the look I saw your eyes
We gotta drive till we reach the sunrise
No turning back, I got your back
You and me we believe we were got that

Something special that you can't compare
If it's a dream, then life ain't fair
We're wanderers, we're travelers
Can't take that away, it's beyond us

Ello jogappa the ah harramaray
Ello jogappa the ah karramaray
Ello jogappa the ah harramaray
Ello jogappa the ah tarramaray

Ello jogappa the ah harramaray
Ello jogappa the ah karramaray
Ello jogappa the ah harramaray
Ello jogappa the ah tarramaray

Even though, the road isn't wide, will you
Take my hand, we can spend all of time
Will you walk with me?
It's a little hazy out with you
When you know no one

Pick a side, I hope that it's the one with me
Will you go around the sun 100 times with me?
Body inclined, are you my ride to die with me, I dunno

Ello jogappa the ah harramaray
Ello jogappa the ah karramaray
Ello jogappa the ah harramaray
Ello jogappa the ah tarramaray

Ello jogappa the ah harramaray
Ello jogappa the ah karramaray

Ello jogappa the ah tarramaray

Ello jogappa the ah harramaray
Ello jogappa the ah karramaray
