

Look At The Lights

Vidya Vox

Out there in the wild
I stand where you can see me
Turning in the tide
I wonder, can you believe me?
If I were to say
The world, I haven't seen it
Living in this place
Can't seem to leave it

When the lights go out
And you're on your own
Can you say your love has grown?

Look at the lights
Till it's gone
Look at the lights
Till it's gone

Walking with the crowd
They tell me that it's a good thing
Hear me shout out loud
Just wanna feel something
Every step I take
I look at my reflection
Brings me back to
Home, maybe this is perfection

When the lights go out
And you're on your own
Can you say our love has grown?

Look at the lights
Till it's gone
Look at the lights
Till it's gone

Let's get lost
Let's get lost in the city, city
Oh, let's get lost
Let's get lost in the city
Are you ready, ready? Oh-oh

Look at the lights
Till it's gone
Look at the lights
Till it's gone
Look at the lights
Till it's gone
Look at the lights
Till it's gone
