

Make A Move

Vidya Vox

Here we go again
I know you see me
Talking to my friends
I know you see me
Why you complicate, when it's so easy
I know you see me

Got you hypnotized
I know you want it
Khol around my eyes
So focused on it
Trying to play it cool
But let's be honest, I know you want it

Don't know if I can do this all night
If you gonna come through, come right
Now I'm all yours, to lose
There's a lot that we can do, but you gotta make a move, gotta

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

It's true something in you has got a hold on me
It's pulling me
I know you feel it too, so don't let go of me
It's pulling me

Here we go again
Dancing around it
Getting in your head
Know all about it
Don't you walk away
Now that you found it
Dancing around it

Don't know if I can do this all night
If you gonna come through, come right
Now I'm all yours, to lose
There's a lot that we can do, but you gotta make a move, gotta

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

Back and fourth we go
Two bodies in motion, say what's unspoken
You already know
What I've been hoping for

Back and fourth we go
Two bodies in motion, say what's unspoken
You already know
What I've been hoping for

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)

(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Make a move, make a move, make a)
(Gotta make a move, gotta)
