I see you walking here
My heart starts beating
The sparks flying everywhere
I must be dreaming

And I know...

And I know, and I know, and I know...

It's love... to keep me warm

Let's get caught, let's get caught

Inside the strongest storm

Let's go all the way, Minnale
Running after the lightning
Don't care what they say, it's okay
Trying to catch the lightning
Beautiful and free, Minnale
Holding on to the lightning
Never find a way
That's why we Minnale

Minna-nale, Minna-nale Minna-nale, Minna-nale

Can you feel it
Can you feel it
We're so electric
Light up the path through the sky
When we connected

And I know...

And I know, and I know, and I know...

It's love... to keep me warm

Let's get caught, let's get caught

Inside the strongest storm

Let's go all the way, Minnale
Running after the lightning
Don't care what they say, it's okay
Trying to catch the lightning
Beautiful and free, Minnale
Holding on to the lightning
Never find a way
That's why we Minnale

Melting in the atmosphere
We're floating through the air
Melting in the atmosphere
Can't be grounded, no we don't care...
We don't care, we don't care, we don't care...

Let's go all the way, Minnale
Running after the lightning
Don't care what they say, it's okay
Trying to catch the lightning
Beautiful and free, Minnale
Holding on to the lightning
Never find a way

That's why we Minnale

Minna-nale, Minna-nale Minna-nale, Minna-nale
