

# Nachle

Vidya Vox

Eveil eye got nothing on me  
Gold rings in my wristlet  
I see you baby looking at me  
Just wait for my hair flip  
Looking over my shades like "ayo!"  
Body so hot like fuego  
Going down like San Diego  
Burning this up so, let's go

Nachle re, nachle re  
Dance all night, let's nachle  
Nachle re, nachle re  
To the sun up, let's nachle  
Nachle re, nachle re  
Let your hair down, let's nachle  
Nachle re, nachle re  
Nachle re, nachle re

Nachle re, come on let's play  
With a desi mami from Bombay  
Sanskaari baddie up on display  
You know I don't want it any other way  
Ice on my wrist, garam with a twist  
Come on, don't resist  
Vogue and sunkissed  
I'm here for a good time, ey  
Time if you want me, say  
If you want me honey and I look like money  
Koyal si boli, but a tez katari  
Thodi teekhi, thodi meethi  
Burning it up so let's go

Nachle re, nachle re  
Dance all night, let's nachle  
Nachle re, nachle re  
To the sun up, let's nachle  
Nachle re, nachle re  
Let your hair down, let's nachle  
Nachle re, nachle re  
Nachle re, nachle re

She comes around with an air  
You can tell by the way she just don't care  
Call her a queen, it's her world  
You know it's true, you can't compare  
Nachle re, nachle re  
Turning all heads, eres muy caliente  
Take a note, no hate, no way  
If you feeling good let me hear you say, like  
We having fun tonight, yeah  
We turning up tonight, yeah  
If you wanna feel that groove, yeah  
Girl, gotta do what moves you

Nachle re, nachle re  
Dance all night, let's nachle  
Nachle re, nachle re

To the sun up, let's nachle  
Nachle re, nachle re  
Let your hair down, let's nachle  
Nachle re, nachle re  
Nachle re, nachle re

Nachle re, nachle re  
Dance all night, let's nachle  
Nachle re, nachle re  
To the sun up, let's nachle  
Nachle re, nachle re  
Let your hair down, let's nachle  
Nachle re, nachle re  
Nachle re, nachle re
