

Vanakkam

Vidya Vox

Let me put you up
Beauty and mashed up
I'mma breathe on dress
Man on the back

Greet me with the vanakkam
Say vanakkam

I'mma girl strong
We give it right back
Glass bangles on my arm
And we win it like that

Let me here you say vanakkam
Say vanakkam

Deep breathe
Marutani on my hands
Thalaivi always in common
Folks say wanna be us, be us
But they only pretend to understand

Telling them all they gotta chill
While I kill this beat
Always keep it real
Even in this heat

The ladies looking hot 200 degrees
We getting masters and md's
Racking up degrees

Yeah, let me put you up

Let me put you up
Beauty and mashed up
I'mma breathe on dress
Man on the back

Greet me with the vanakkam
Say vanakkam

Brown girl strong
We give it right back
Glass bangles on my arm
And we win it like that

Let me here you say vanakkam
Say vanakkam

Where they at
Where they at
Where they at
All my desi ladies
Let me here you shout back

Give me that
Give me that

Give me that
Pen to the paper
We gonna get that back

Gonna stop them in the tracks, yeah
Building stacks, yeah
Always stand together
Cause we running in a pack, yeah

Show me that
Show me that
Show me that
Hanging my gold
I need platinum back

Yeah, let me put you up

Let me put you up
Beauty and mashed up
I'mma breathe on dress
Man on the back

Greet me with the vanakkam
Say vanakkam

Brown girl strong

Glass bangles on my arm
And we win it like that
