Say what you want but not really, really, really, really
 Say what you want but not really, really, really, what you-
 Say what you want but not really, really, really, really
 Say what you want but not really, really, really, what you-

Say what you want but not really what you want
Just say what you want but not really what you want
You just say what you want but not really what you want
You just say what you want but not really, really, really, what you want

Say what you want
Gimme that shit, I want all of it

Up, up, up, up, up, up, up, and down
Up, up, up, up, up, up, up, and down
Say what you want but not really what you want
You just say what you want but not really what you want
You just say what you want but not really what you want
You just say what you want but not really, really, really, what you want

Say what you want
Say what you want

[illegible]

Gimme that shit, I want all of it

Up, up, up, up, up, up, up, up, and down
Up, up, up, up, up, up, up, up, and down
Say what you want but not really what you want
You just say what you want but not really what you want
You just say what you want but not really what you want
You just say what you want but not really, really, really, what you want

[illegible]

What you want
What you want
What you want
What you want
What you want
What you want
