Vigiland

She said I'm trouble and I know
I'm just a fuck up feeling low
Not even Chris could fix me now
So can I stay a while?

He said I'm no good and it's true
A sinking ship without a crew
And if you let me hang around
We'll burn the past right down
To the ground

I'm gonna follow where you go
Down every valley, rock and roll
Through every wild and lonely night
Hold me tight
Wherever you go, I will follow

Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
Oh, fol-la-la-la-low

A different day, a different crime
I'll do my best, I'll walk the line
A naked flame out in the cold
It's gonna guide you home

They say we're no good and it's true
A sinking ship without a crew
And if you let me hang around
We'll burn the past right down
To the ground

I'm gonna follow where you go
Down every valley, rock and roll
Through every wild and lonely night
Hold me tight
Wherever you go, I will follow

Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
Oh, fol-la-la-la-low

Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
Oh, fol-la-la-la-low
