

We're The Same??

Vigiland

You been holding to a dream
It's been the same since seventeen
Like your favorite Levi's jeans
You don't need no more

So let yourself go and just know that I will follow
No turning back, no, fuck that, we're still here tomorrow

So let's fall from grace
Like we don't know better
We're just the same
Now and forever

Let us make mistakes
I don't judge you babe
This is not too late
Oh so, let's fall from grace
Like we don't know better

We're the same forever, forever
We're the same now and forever
We're the same forever, forever
We're the same, we don't know better

No one knows you like I do
No one knows what we been through
Like the rebel kids in school
We don't care no more

So let yourself go and just know that I will follow
No turning back, no, fuck that, we're still here tomorrow

So let's fall from grace
Like we don't know better
We're just the same
Now and forever

Let us make mistakes
I don't judge you babe
This is not too late
Oh so, let's fall from grace
Like we don't know better

We're the same forever, forever
We're the same now and forever
We're the same forever, forever
We're the same, we don't know better

We're the same forever, forever
We're the same now and forever
We're the same forever, forever
We're the same, we don't know better
