

Glow, absent sun  
Throw your final light of hope,  
I will quench it anyway.  
Some will leave and some will stay,  
but most important; they will submit to change.

The sky is darker than it has ever been.  
A massive night has condensed.  
You think that everything will turn and be alright.  
But where you are wrong, i am right.  
That's why i must come back.

I know that I can change you, it's in my hands.  
This is our doom and I won't let you live in uncertainty.  
For as long as you exist, I will never get what i want.  
Therefore I choose to suffer, and so should you.

There will inevitably be resistance, I know this all too well.  
I have been here before, you shut your eyes and ignore all my words.  
I am talking to deaf ears, but mark my words.  
You will never see the light of day.  
No one can save you now.
