

## So Simpatico

### Villagers

And ooh, so simpatico, you are the one for me  
And ooh, so simpatico, you are, you are, you are  
And little did I know you were here all the time  
In the garden you'd lie  
In the depths of my mind

And ooh, so simpatico, you are the one for me  
And ooh, so simpatico, you are, you are, you are  
And little did I know you were here all the time  
In the garden you'd lie  
In the depths of my mind  
Like a lonely shoulder

And ooh, so simpatico, you are the one for me  
And ooh, so simpatico, you are, you are, you are  
You are

And little did I know you were here all the time  
In the garden you'd lie  
In the depths of my mind  
Like a lonesome soldier

And ooh, so simpatico, you are the one for me  
And ooh, so simpatico, you are, you are, you are  
You are, you are  
(But let me get a word in) You are, you are, you are, you are  
(Let me get a word in) You are, you are, you are, you are  
(Let me get a word in)  
You've got nothing to say, but you say it anyway

The more I know (The more I know)  
The more I care (The more I care)  
The more I know (The more I know)  
The more I care (The more I care)  
The more I know  
The more I care  
The more I know  
The more I care
