## Villain of the Story

I get so sick of counting down my time  
Drifting further from the surface as I'm buried alive  
I lose my mind every time that I close my eyes  
The pressure seems too much I don't think that I'll survive

Disease  
Infecting every fiber of my body as I scream  
A hunger growing stronger from within me  
Please  
Tell me when I went so blind oh please  
Just tell me when and how I lost my sight  
'Cause nothing I feel seems right

I need to find a way  
Out of this hell inside of me  
I am the cause of all my self disdain  
I'm searching for a way  
To escape from this misery in me

I'm always looking for something more  
But no matter what it's never enough  
I feel stuck face down in the ground  
And there's no one to pick me up  
My head is pounding  
I get surrounded by the fear of death  
And I can't catch my breath

Another day I won't make it through  
I start shaking and I don't know what to do  
I can't eat or sleep and I can't feel my face  
I am no longer a man  
I'm just a boy who can't stand to be alone  
Don't know how long this will last

I need to find a way  
Out of this hell inside of me  
I am the cause of all my self disdain  
I'm searching for a way  
To escape from this misery in me

I'm sick of being scared to die  
But I have nowhere left to hide

I need to find a way  
Out of this hell inside of me  
I am the cause of all my self disdain  
I'm searching for a way  
To escape from this misery in me

Disease  
Infecting every fiber of my body as I scream  
A hunger growing stronger from within me  
Please  
Tell me when I went so blind oh please  
Just tell me when and how I lost my sight  
'Cause nothing I feel seems right
