

Ishimura

Villain of the Story

If anyone out there can hear this, please, do not board
As much as I want to live and see my family again, no one else needs to die
Please for the love of god I repeat, turn back
Do not board!
Do not board!

Make us whole

The blood stains every wall
Echoes of the dead scream through the halls
I can't believe what's happening
What's that sound?
Here they come
Oh my god I need to fucking run

Fucking run

Ruh

This can't be real
I must be losing my mind
If this is real
I must remember
Cut their fucking limbs off
If you want to survive
Every mutilated corpse
Is so perfectly designed
To rip you apart (rip you apart)

Transcend death and let the future take its course

Hallucinations
No time to breathe
Convergence is nigh
The blind lead the blind
The constant dread
Endless undead
Existential suffering at what cost?

I refuse to be a victim of another fucking lunatic
That's convinced he's the vessel for humanity's
Inevitable transformation into something greater
So many pointless deaths in the wake of your fucking delusion

Make us whole

(Make us whole)
Convinced you've saved us all from our worthless existence
You've killed them all for fucking nothing

If this is how it ends
(If this is how it ends)
I hope she knew I loved her
(I hope she knew I loved her)
The things I've seen
The things I've done
Come on then, cause this is all I got left

This can't be real
(This can't be real)
If this is real
I've lost my fucking mind
