

The Love You Took Away

Villain of the Story

The pit in my stomach grows
As I approach the casket
This isn't fair
Life is so fucking tragic

Your sorrow falls
On a dead man's ears
There's nothing for me here
I'm holding back the tears
While you cry
And plead you're not a fucking monster
All I want is to watch you suffer
Reciprocate the pain
The love you took away
I'm so beyond hearing you beg for mercy
I'll cut your fucking heart out
(I'll cut your fucking heart out)

Fuck your remorse
I'd rather hear it was intentional
At least then I wouldn't feel conflicted
For wanting to see you burn in hell forever
I'm dead (I'm dead)
Inside (Inside)
There's no coming back from this
I'll never be the same man I was before
Your negligence and recklessness
Took everything I love away from me

Why
Did someone have to
Die
For you to see
The fucking consequence of ignorance
Fuck you
Blegh

Pray to your god
And beg for forgiveness

I've never felt this way inside
And I don't know if this is ever gonna go away
My shadow has nowhere to hide
(I hate that wanting you dead feels right)
The bloodlust is getting hard to fight
It's taking over me
And I don't know if I ever want it to go away
I need to see you bleed
Ruh

(I need to see you bleed)

Drown in contrition
May the guilt eat your fucking soul
You need to know that
I will never forgive you
Fuck

You can't fix this
Their blood is on your hands

(Their blood is on your hands)
(Their blood is on your hands)
Deep within I know that it won't give me any peace
But vengeance
Vengeance will help me sleep

The pit in my stomach grows
As I approach the casket
This isn't fair
(This isn't fair)
Life is so fucking tragic
No apology will bring them back
My fists are bleeding from hitting the floor
No feeling anymore
Fuck you

Their blood is on your hands

No apology will bring them back
Their blood is on your hands

I've never felt this way inside
And I don't know if this is ever gonna go away
My shadow has nowhere to hide
(I love that wanting you dead feels right)
The bloodlust is getting hard to fight
It's taking over me
And I don't know if I ever want it to go away
I need to see you bleed

Oh
Uwuwuwu

Burn in hell forever
