

I Fear The Worst

VIMIC

My eyes have started to see clearly
The world is out to get me
And everybody knows
What's coming next

The flame
I love how you consume me
The world has started blooming
And everybody runs
But they run in vain

The time's running out
I fear the worst
For those whom I love
They will feel it first
The medicine's gone
No time to rehearse
My actions are mine
You're gonna get what I deserve

I see you try in vain to put me out of my precious misery

The time's running out
I fear the worst
For those whom I love
They will feel it first
The medicine's gone
No time to rehearse
My actions are mine
You're gonna get what I deserve

I'm sorry
There's no stopping now

The journey uncharted
The destination sure
I see you are frightened
But I will make you pure

They don't make medicine for what I have
They don't make rules that can hold me back
You don't listen
You don't want to
Because you know I'm gonna do it again
Because I need to
I'm gonna do it again

The time's running out
I fear the worst
For those whom I love
They will feel it first
The medicine's gone
No time to rehearse
My actions are mine
I'm gonna get what I deserve
