

Antisocial

Vin Jay

Lately I don't wanna fuck around with nobody
I just wanna kick it at the crib
'Cause everytime I'm going out in public everybody start discussions 'bout m
y life and try to tell me how to live
When really all the ones who need the crash course
'Bout to get my passport, just so I can get a little space
'Cause that's the only way you'll get the message, I don't mean to be aggres
sive
But y'all need to get the fuck out my face
I told you bitches

Sometimes I get anxious
I just need some space
By myself in silence
Don't you call my name

Lately, I been feelin' antisocial
I don't give a fuck if I know you
I'm better off alone
No wonder I been antisocial
Thought I made it clear that I loathe you
Fuck out my way, yo leave me alone
Fuck out my face 'fore I lose control
So tell 'em all that lately, I been feelin' antisocial
Better stay away 'cause I told you
I'm better off alone

I just keep to myself lately, no switchin' up, shit I've been this way
Never really been one for gossip
Y'all get to talkin', I disengage
Like "Aw Vin, how you been?"
Bitch I'm keepin' my distance
I don't got the time for this conversation
Matter fact, I don't got no interest
Man I'm back on my lonesome
I don't really gotta answer to no one
'Cause I been up in the lab, with a pen and pad, getting bags, all from the
fans that show love
Y'all talkin', but nothing that you say to me is real
Speak the truth and tell me how you feel
Y'all are mad that I don't need you
And you don't know how to deal
So what's poppin'

Sometimes I get anxious
I just need some space
By myself in silence
Don't you call my name

Lately, I been feelin' antisocial
I don't give a fuck if I know you
I'm better off alone
No wonder I been antisocial
Thought I made it clear that I loathe you
Fuck out my way, yo, leave me alone
Fuck out my face 'fore I lose control
So tell 'em all that lately, I been feelin' antisocial

Better stay away 'cause I told you
I'm better off alone

Look back and I, examine the, lost soul that I was back then
Didn't really have much self respect and got walked upon by my so-called friends

Now I keep my distance though

When I go ghost, don't miss me hoe

I been living life on the road y'all, fuck a phone call, leave me alone, I'm busy bro

Been through solitude knowin' that it made me this way

Homie I don't wanna talk if I don't vibe with you, I leave and I'm gone without a trace

Everybody wanna call me selfish

Wishin' I would go back to the old me

But I'm elevated now, can't help it

Y'all are bringin' me down, bitch blow me

Now they wanna get piss drunk, hit clubs

Y'all be on some other shit

You're mixed up, misjudgin' people that you're runnin' with

I would rather be independent than a lost soul

An y'all can't relate

Promise I don't miss none of y'all

With your fake love and your passive hate

Sometimes I get anxious

I just need some space

By myself in silence

Don't you call my name

Lately, I been feelin' antisocial

I don't give a fuck if I know you

I'm better off alone

No wonder I been antisocial

Thought I made it clear that I loathe you

Fuck out my way, yo, leave me alone

Fuck out my face 'fore I lose control

So tell 'em all that lately, I been feelin' antisocial

Better stay away 'cause I told you

I'm better off alone
