

Asshole

Vin Jay

All my family lives a million miles away
Those still close to me I'm bound to push away
Maybe I'm just seeking perfection, 'cuz I don't like myself
Or maybe I'm just a little neglected and I should seek some help

Maybe I'm an asshole, maybe I'm afraid
Maybe I'm the one that pushed you away
Maybe I'm an asshole, maybe I know
You're not the only one who hates what I've become
So maybe I'm an asshole (asshole, asshole... ASSHOLE)
Maybe I'm an asshole (asshole, asshole...)

Good people still calling my phone
Let it ring 'till the screen turn black
Conversations with the ones I love
Let 'em know all the things they lack
Maybe I'm in need of love or some peace of mind
Or maybe I just feel ashamed, yeah
Maybe I'm just tryna live a decent life
Or maybe I'm in pain

Maybe I'm an asshole, maybe I'm afraid
Maybe I'm the one that pushed you away
Maybe I'm an asshole, maybe I know
You're not the only one who hates what I've become
So maybe I'm an asshole (asshole, asshole... ASSHOLE)
Maybe I'm an asshole (asshole, asshole...)
