[?] what they say  
You can never buy my love  
For those who ever doubted

I-I-I don't do gossip  
When I be talkin', it's only things you need to know  
Dropped a project, gotta be honest  
Ya'll look like you seen a ghost  
Why they watching?  
All of them toxic  
No, they don't want me to blow  
But I been poppin', and the young prophet  
I might even be the G.O.A.T  
Know they shook by the way I move  
Life been a game, I don't play by the rules  
And the money get split, I pay my crew  
But I bring it all back, like déjà vu  
A.I. with the way I aim and shoot  
Stay calm, I don't waste no flame on you  
Pay homage and workin' to pay my dues  
Now I only make time for the things I choose

I'm a giver, but I'm selfish with my energy  
I don't stay around the type of ones that envy me  
I be who I am, not who I pretend to be  
Anytime somebody show them type of tendencies  
I just tell 'em no, and no k  
If you ain't with the vibe, I ain't fuckin' with you anyways  
I just tell 'em no, and do my own thing  
If you ain't with the vibe, I ain't fuckin' with you anyways

I been duckin' fake hoes, thicker than a bank roll  
Lookin for the pesos, while they follow me  
Bread it like panko, matter of fact Bezos  
Serve 'em like J-Lo and they tryna scheme (Whaaat?)  
I know my life is enticing  
Ain't no wonder why they eyeing my profit  
Trying to get on my [?] massages  
Shit finna get thick as my wallet  
Don't get 'em mixed up I'm not Logic  
Roll up and the neighbors are watching  
Hit 'em with the boom bap like it's comics  
Get 'em all thrown back I'm nostalgic  
Come on  
Said I run my life, I'm the boss now  
I don't feel no shame  
So you can love me, hate me, or talk down to me  
I won't change

I'm a giver, but I'm selfish with my energy  
I don't stay around the type of ones that envy me  
I be who I am, not who I pretend to be  
Anytime somebody show them type of tendencies  
I just tell 'em no, and no k  
If you ain't with the vibe, I ain't fuckin' with you anyways

If you ain't with the vibe, I ain't fuckin' with you anyways
