

Take It All Back

Vin Jay

If I could take it all back
Wonder if I do shit different
Maybe find a better way of living
I can take it all back
Wish that I could start from the beginning
Shit I would rewind this minute
I could take it all back
Wonder if I do shit different
Maybe find a better way of living
I can take it all back
Yeah, if I could take it all back
Yeah, yo, if I could take it all back

Man I wouldn't never go to college
Student loans piling and burning all of my pockets
Mom and dad have been whiling tryin' to make a deposit
I went for one semester and majored them pill poppin'
Man if I could go back, I'd put some tats on my face
I'd be idolized from mumblin' like rappers I hate
Yell at my younger self to put the cigs down, shit's fault
If I'd save the money I'll be rich now
Shit, I'd be living in luxury and rock a suit and tie
Be livin' the boss life, step in the room, they'd move aside
Whippin' the Porsche ride name in the plate to prove it's mine
And do whatever I want not giving a fuck 'bout what you advise
I probably post about the crib with the family, instead I was in your whip a
nd stealing money for xannies
So c'mmon let me get a second try
I swear to God this time I'll get it right

If I could take it all back
Wonder if I do shit different
Maybe find a better way of living
I can take it all back
Wish that I could start from the beginning
Shit I would rewind this minute
I could take it all back
Wonder if I do shit different
Maybe find a better way of living
I can take it all back
Yeah, if I could take it all back
Yeah, yo, if I could take it all back

I'd drop the bitches instead of failing the physics
I'd probably chill with the nerds and start up a fucking business
And could've been done but shit the kid was embarrassed
But all the people I've been chilling with, now live with their parents
So fuck it
A common tragedy following popularity
Thinking you run the shit but you living life in a fantasy
But shit, you gotta get out of your own way
Coming around ya (All day)
Living a life from nine to five (No pay)
Shit if I'd could go back I wouldn't be throwing hands
'Cause I got nothing to prove to another fucking man
And I'd be saving all of my cash instead of blowing bans
No advance, when u just work it to flex it on the 'gram

But I ain't trippin' I can live with the pain
And if I'd go back shit would never be the same
But if I'm being honest dawg, there's nothing I would change
'Cause everything I've been through made me who I am today
Blessed

Don't wanna take it all back
Yeah, even if I could I don't wanna go back
Yeah, I think I like it where I'm at
Kato
(Kato on the track)
