

# Lipstick Everywhere

Vince Gill

There was lipstick everywhere  
Lingerie on the chandelier  
The smell of sin and whiskey filled the air  
There was lipstick everywhere

It all started with some whiskey  
We danced real close and then she kissed me  
Dim lights and too much crown  
She said "Please don't turn me down"

There was lipstick everywhere  
A steamy, one night, love affair  
We were spent but we didn't care  
There was lipstick everywhere

She had just the thing I needed  
A woman's love is undefeated  
There ain't much a man can do  
When she offers love to you

There was lipstick everywhere  
It felt good just lying there  
All the loneliness disappeared  
There was lipstick everywhere  
The smell of sin and whiskey filled the air  
There was lipstick everywhere
