

# Sister Of Pain

Vince Neil

There's a little old place down south of La Grange  
Where the whiskey flows and the nights go on for days  
My home on the range  
There's a sultry queen set her sights on me  
Was the best damn thing that I ever seen oh ya  
She's Evangeline

That preacher's daughter she took off her leather dress  
She pulled me into sin and now I must confess

She's a

Sister sister of pain  
She's a knock down drag it out, lick it up do it again

Such a sweet young thing took a bite out of me  
She spread her cards out for all the world to see oh ya  
I went willingly  
She walked me back to a darkened room  
Said this one's on me boy,  
I want to see you howl at the moon and I'm talkin' soon

That night I saw the light I'd never seen before  
When I thought my time was up she said how 'bout a, a  
little more

For the

Sister sister of pain  
She's a knock down drag it out, lick it up do it again

A sister, sister of pain  
Drop down, spread 'em out, open up it's only a game

Suck your soul, make a blind man see  
With a touch of her hand, brings a devil out of me  
She held up a sign said have no fear  
We got liquor up front, and poker in the rear

For the

Sister sister of pain  
She's a knock down drag it out, lick it up do it again

A sister, sister of pain  
Drop down, spread 'em out, open up it's only a game

Yeah

Sister sister of pain  
She's a knock down drag it out, lick it up do it again

Yeah
