

Cassie Cut (Snippet)

Vince Staples

They all tell me I suck like Kurt Angle
Riot 'til that gun come out the hump
If you was smart you would duck
Duck goose with a slut, it's still two in the back
Still one in the front
My last gun in a month was a Remington Revolver
Fucking bummer how I didn't get to use it when I caught her
But anyway, I pulled the David Bowie out to skin her scalp
The sassy slut, just left half
And that's a motherfucking Cassie Cut

That's all you get hahaha
That's all you fucking get
