Vindata

Last night
That was something else
I don't wanna move on
This thing that I'm feeling
It's hanging
It's still hanging on
And I know what you're thinking
So we don't need to hide
We both know
What we're doing
So I'll go
Till your satisfied

I... don't mind
If you wanna take this slow
Or if we get physical
We're wasting time
All this overthinking
This could be so easy

Give me emotion
Whatever you're holding
Everything you're feeling
Baby I feel it too
Everything you want to do
I wanna do

Emotion
Whatever you're holding
I don't see the reason
We should put up a fight
Nothing feels wrong
So it's gotta be right

Emotions

Emotions ya

There's something between us
That we know could be great
We're still hesitating
When there's no good reason to wait

I... don't mind
If you wanna take this slow
Or if we get physical
We're wasting time
All this overthinking
This could be so easy

Give me emotion

Whatever you're holding
Everything you're feeling
Baby I feel it too
Everything you want to do
I wanna do

Emotion
Whatever you're holding
I don't see the reason
We should put up a fight
Nothing feels wrong
So it's gotta be right
