

# Knock On

Vindata

Life has a way of  
Life has a way of  
Standing in the way  
Then forcing me to change  
Try n' keep my head up  
Try staying in touch  
But nothing stays the same  
I lose the oldest game

You call, I miss, oh shit  
I text and say I promise I'ma call back  
Might be next week, we'll see  
'Cause you know me  
I can get a lil' off track  
I used to be the life of the party  
But now it seems that it's hardly

But you can always come over  
No matter how you feel  
Whether you're high or sober  
I'm gonna hold it down right here  
When the party is over  
I'll leave the light on  
When you need me you should know I'm not gone  
I wanna always be the door you knock on

But you can always come over  
No matter how you feel  
Whether you're high or sober  
I'm gonna hold it down right here  
When the party is over  
I'll leave the light on  
When you need me you should know I'm not gone  
I wanna always be the door you knock on  
Knock on

We have a way of  
We have a way of  
Spending months away  
But it only feels like days  
'Cause we got that realness  
You know what the deal is  
I love to see your face  
And this can't be replaced

You call, I miss, oh shit  
I text and say I promise I'ma call back  
Might be next week, we'll see  
'Cause you know me  
I can get a lil' off track  
I used to be the life of the party  
But now it seems that it's hardly

But you can always come over  
No matter how you feel  
Whether you're high or sober  
I'm gonna hold it down right here

When the party is over  
I'll leave the light on  
When you need me you should know I'm not gone  
I wanna always be the door you knock on

But you can always come over  
No matter how you feel  
Whether you're high or sober  
I'm gonna hold it down right here  
When the party is over  
I'll leave the light on  
When you need me you should know I'm not gone  
I wanna always be the door you knock on
