

## Try Me

Vindata

I thought I told you  
That last time would be the very last time  
I hope you know I'm on to you  
I hope you don't try to cross that line

'Cause if you think that you got the best of  
If you think that you got the best of me  
Go ahead and try me

Go ahead and try me  
Go ahead and try me

Can't you hear yourself  
You don't notice the way that you talk  
Maybe be someone else  
Or keep your back up against a wall

'Cause if you think that you got the best of  
If you think that you got the best of me  
Go ahead and try me

Go ahead and try me  
Go ahead and try me

Try me
