

Bulldozer

Vinnie Paz

Get the AR, two clips, tape 'em together
I pray to the most high and go and shoot with the devil
My only alibi was I was tryin' to shoot at whoever
I didn't mean to hit them but next time I'll do better
Look at me, all crippled out, bandana swingin'
Let my clip stick out, they know I'm strapped when I'm hangin'
Moonwalkin' on these mushrooms, my nose is drainin'
Got a couple young goons with me still in training
You get hit! Put a band-aid on it and keep goin'
I might be losin' blood but my body count growin'
I get it out the mud and I hope that y'all enjoyin'
All these murders on the news that's keepin' the money flowin' (Buck!
)
I smoke a loosie with some niggas wearin' kufis
Go rob a couple goofies while listenin' to Lil Boosie
Yeah Vinnie! They gotta give us every fuckin' penny
Or I'm runnin' niggas over in this scat with the Hemi (Fuck outta her
e!)

You know that I'm crazy and I'm violent
But I gotta keep it solid, I ain't tryna be at Rikers, no way
If they want an issue or a problem Then I got 'em where I spot 'em Wh
en the shots poppin', it's a cold day

You know I be in the streets lookin' both ways
You know I be with the beam showin' no face
You know that I'm crazy and I'm violent
But I gotta keep it solid, I ain't tryna be at Rikers, no way

Yeah! Balak and Balaam
I done hold the ties of kinship, spread the Salam (Salam alaykum!)
My little buddy doin' seven to nine
This some body politickin', I beheaded the swine
There's blood spillin' and it's redder than wine
It's a couple of dogs barking over second and vine
I kept 'em in line, I will take his life, I'll collect a debt from hi
s mind (Gimme that fuckin' bread)
This is not a mistake, you ain't flaggin', lil homie, why you droppin
' the rake?
I will pull the HK out and pop at his face
I will have the whole city have to darken the drapes (It's dark out h
ere!)
The Omakase was ten G's (ten G's)
Do a kickflip in Cement 3's
Allahu Akbar the battle cry (Takbir!)
Purify and sanctify

You know that I'm crazy and I'm violent
But I gotta keep it solid, I ain't tryna be at Rikers, no way
If they want an issue or a problem Then I got 'em where I spot 'em Wh
en the shots poppin', it's a cold day

You know I be in the streets lookin' both ways
You know I be with the beam showin' no face
You know that I'm crazy and I'm violent
