Obama's a fraud, every action is opposite God  
Line 'em up guillotine, then chop with the sword  
Anyone who got murked, then I was the cause  
Who the one who got hurt and died on the cross  
Not the Jesus that they told you that died  
He escaped and he hid inside a hole and survived  
Fuck the pope, he a nazi and I hope that he die  
I hope that none of y'all listen to his holiness lies, yeah  
I hope that y'all never trap with the beast  
I hope that y'all don't have to ever see the savage's teeth  
They look for flesh and see a ravenous feast  
I was beasting mothafuckers for they Lazarus piece, yeah  
I told y'all about my son in a box  
I told y'all never talk and to run from the cops  
I told y'all 'bout the jums and the pots  
The C.I.A. killed Kennedy and put the jums on the blocks
