

Perfect Enemy

Vinnie Paz

(Whoever makes wudu and goes to sleep
An angel will reside with him in his bed
And when he wakes up, the angel will ask Allah to forgive him)

(Yeah, c'mon B, what, you kiddin'?
Fuck outta here
Look)

Yeah, Tony Benedetto with the world off
Blow the doors off, Roy DeMeo with the sawed-off
Two bitches hit the von Kahr
These dope boys carry water like a soled horse
It's hot out here, I'm sweatin' my balls off
A Filipino shorty in a loincloth
The gunshot heal, I took the gauze off
Héctor Guerrero and Paul Orndorff
Ah, Iron Lung and Papa Dios
You want beef? I ground beef like pastelillo
Temperaturo frío, I had to whop amigo and I'ma deal
The '85 burgundy clean
If a muhfucker talkin', he should learn what it mean
Ah, my solution for the opps
The constitution of an ox, yeah

My enemies is lying, dying, I know
Nobody with 9-to-5 where I go
It go eye for eye, we gon' ride tonight
No lie, I could die tomorrow
My enemies is lying, dying, I know
Nobody with 9-to-5 where I go
It go eye for eye, we gon' ride tonight
No lie, I could die tomorrow

Yeah, six hammers and fish platters
You focus on the dunya and act like the shit matters
I play the corner like Chris Harris
It's Louis on, Champs-Élysées and I miss Paris
Muhfuckers switched they tone
My akhi lookin' at twenty and he just came home
It's over now, you could get poked in a crowd
Move quiet, everything we smokin' is loud
Boomerang, my man in New York
That shit is dead, everything you plannin' chucked
This muhfucker forty, buying Xans at a park
It's nightttime, and only time we whammin' a duck
Jamie fell in love with the plug
It's a broomstick, I'ma sweep it under the rug
Ah, Aviators and Wallabees
Decorate the mahogany

My enemies is lying, dying, I know
Nobody with 9-to-5 where I go
It go eye for eye, we gon' ride tonight
No lie, I could die tomorrow

My enemies is lying, dying, I know
Nobody with 9-to-5 where I go

It go eye for eye, we gon' ride tonight
No lie, I could die tomorrow

Remove all hatred in your heart for anyone every night before bed
(I could die tomorrow)
As this was sunnah, need of protection during the night
(We gon' ride tonight)
(No lie, I could die tomorrow)
