Vinnie Paz

I want you to get mad! I don't want you to protest, I don't want you to riot  
, I don't want you to write to your congressman because I wouldn't know what  
to tell you to write. I don't know what to do about the depression and the  
inflation and the Russians and the crime on the street. All I know is that f  
irst you've got to get mad! You've got to say, "I'm a human being, goddamnit  
! My life has value! "

Start the uprising  
We'll start the uprising  
It's time to uprise  
It's time to uprise

Listen people they got us believing we're nothing  
But heathens screaming hating each other for nothing but breathing  
Hating each other for colour and creed when me and you  
We one and the same under the blade you cut and you bleed  
And they think we dumb and naive  
But we wasn't conceived yesterday  
We know that AIDS they made up the disease  
And they tease us with money and greed and make us hunger and feed  
Off each other like some blood-sucking freaks  
And the most ignorant nigga's a publisher's dream  
Nothing but whores and infidelity is up on the screen  
Real chance of love with a slut and a creep  
A lover that cheats, these dumb broads should be running the streets  
If you think that letting your daughters watching Charm School  
Won't harm you or her in the long run you're a darn fool  
It's so blatant how they raping our minds  
In plain sight taking our rights, dignity, it ain't right

Let's start the uprising  
It's time to cut ties with these fucking guys that's feeding us nothing but  
lies  
It's time to uprise  
Rise up time's up  
Cause when the trust dies, love dies like government spies

It's time to cut ties with these fucking guys that's feeding us nothing but

I'll admit that Obama had me believing the hype  
But after doing the knowledge I ain't been sleeping at night  
Probably the biggest deception I ever seen in my life  
If y'all don't read between the lines then y'all ain't reading it right  
Yeah Vinnie Paz just a motherfucking trooper stepping  
Nuclear anxiety and the cold of the super weapon  
Obama and Bush cousins and that's a true connection  
Seizing power and property like a ruthless henchman  
I'm in the Jewish temple on Mount Zion  
Studying literature from the Priory of Sion  
Nothing's safe, no cars, no planes to fly on  
I got a few bulletproof vests to try on  
Yeah but y'all can just remain the machine

It's true lies but I decide to stay on my deen  
You a sucker if you think that the economy kill  
Barack Obama 666 finally revealed

Let's start the uprising  
It's time to cut ties with these fucking guys that's feeding us nothing but
