

Two Knights Forced

Vinnie Paz

Yeah! Yo Ev what it do? Come on man! I'm out here man! I'm outside! Fuck outta here! Look!

You better watch 'cause they aimin' at your wheel
Packin' hammers and tossin' javelins, track and field
They buyin' Diet Coke for a half a mil
King Marcius narcissus just like a daffodil
This thing will slaughter the king's daughter (king's daughter)
Shorty ordered a spring water
You a pussy, you got a pink aura
I just bought a Mossberg and this thing horror
If you clickin' then your energy reels (reels)
Tetrahedronal pyramids and energy fields
Energy that's harvested what energy yields
This is jungle warfare here, 70 SEALs
Ali Baba consumed the ketamine
You a piñata, that's darker than Human Centipede
Raise the dead, you can hear the horns of Bathory
Imitation the sincerest form of flattery

We out in Khamasi with bags
Say you couldn't, this is the Salafi-jihad
I will cut back on you, I will hop in the Jag
This a flashbang, it'll turn a dime to a hag (Yeah!)
This is bars of death, writin' with a knife (Yeah!)
Rhymin' like I'm on trial fightin' for my life
Leno LaBianca was invited to the light
This yoppa switch gears like I'm ridin' on a bike
Yeah! You were sayin' you would earth me
You ain't blamin' nothin', motherfucker, you a turkey (you a turkey)
Charlie was in Berkeley, the Mossberg Maverick turn your stomach to a Slurpee
Yeah! My akhi do the shootin' first
There's only one sustainer of the universe
He took two to the brain (the brain)
Everything a boom or a bang
