

# Chemicals

Vintage Culture

Out of the blue  
Out in the cold's light  
Something's changed  
Forking the road  
Watching you go your separate way

I've been up all night, don't feel tired  
Side to side, after you, afterglow, afterglow  
I've been hot all week, so bittersweet  
Dopamine and other chemicals, chemicals

I've been up all night, don't feel tired  
Side to side, after you, afterglow, afterglow  
I've been hot all week, so bittersweet  
Dopamine and other chemicals, chemicals  
(Chemicals, chemicals)
