

Love Goes

Vintage Culture

Know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know

Yes I know
Yes I know

My heart beats and my blood flows
My eyes see what they are shown
And in my time I will grow old
'Cause I don't know, what can't be known (Known)
Why are you alone?
Come
Yes I know

I was alone, I was afraid
Cause I got lost inside this game
And I searched for you my love
I've known anger, I've known shame
On your mother you depend
Are you my foe, am I your friend?
Where is this world I'm going to
What is this life I'm getting through
Tough it hope

Yes I know
Know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know
Know, know, know, know
Yes I know

Why are you alone?
Alone

My heart beats and my blood flows
My eyes see what they are shown
And In my time I willgrow old
'Cause I don't know, what can't be known
Know, know, know, know

Hear it strong together, strong together

We can live forever
Feeling realize love is here to teach us
How to rule this Kingdom
Why are you alone? (Yes I know)
Alone
Why are you alone?
Alone
Why are you alone?
Alone
Why are you alone?
Alone
