

## Rainbow Demon

Vintersorg

There rides the rainbow demon  
On his horse of crimson fire  
Black shadows are following closely  
on the heels of his desire

Ridin' on in the mist of morning  
no one dared to stand in his way  
possessed by some distant calling  
riding on through night and day

Raibow demon  
pick up your heart and run  
rainbow demon  
Lives for his sword and his gun

no one dared to stand in his way
