

Call You Up

Viola Beach

I try to hide that I need you like I need the sky to light up at night so I can
See where I'm going when I'm walking to you
But I made the mistake of giving away that I
Would have called at the end of the day and talk about plans of wasting away
with you
And that you seem to be the air that I breathe and the last thing I think of
as I fall asleep
But recently I've started to feel like I'll be
Slippin' away at the end of the day into dreams of the two of us running awa
y
It's okay, I'd just say I was drunk yesterday and just hope that you still w
anna stay

And I'll call you up in the middle of the night in hopes that you wanna hear
from me
I just wanna know if you're feeling alright
I just wanna know if you got in a fight with your friends
And I know we'll have to pretend that we're fine for a night
But then again I know you know we'll be alright in the end

I try to hide that I need you like I need to sleep for once in my life
Oh, I've tried and I've tried but you keep occupying my mind
And I would say that you light the light in the room cause I need you to do
all the things that I do
How can you be true?
You're making me lose my head

And I'll call you up in the middle of the night in hopes that you wanna hear
from me
I just wanna know if you're feeling alright
I just wanna know if you got in a fight with your friends
And I know we'll have to pretend that we're fine for a night
But then again I know you know we'll be alright in the end

Said I'll call you up in the middle of the night in hopes that you wanna hea
r from me
I just wanna know if you're feeling alright
I just wanna know if you got in a fight with your friends
And I know we'll have to pretend that we're fine for a night
But then again I know you know we'll be alright in the end

Said I call you up
I call you up
I call you up
I call you up
I call you up with the thought you would like it
Yeah, I call you up
I call you up
I call you up
I call you up
I call you up with the thought you would like it
Said I call you up
I call you up
I call you up
I call you up
I call you up with the thought you would like it

Yeah, I call you up

I call you up

I call you up

I call you up

I call you up with the thought you would like it
