

## Like A Fool

Viola Beach

I know that when you fall asleep at night  
You dreaming dreaming of a better life  
While I'm dreaming dreams of sleeping by your side  
I guess I never really got you right  
You know that when it's just me and you  
I love it loving all the things you do  
But I know you're playing me like a fool  
But what if, baby, what if I told you

That I don't need your love  
Tell me that's enough

I know that when you lie awake at night  
You're probably wishing you were tired, right?  
I'm wishing I wasn't to waste your time  
I guess I never really got you right  
I'm hoping maybe I can find you do  
Like hoping maybe I was loving you  
Well I know I'm loving you like a fool  
What if, baby, what if that weren't true

Yeah I don't need your love  
Tell me that's enough  
To make you need my love  
Babe I'll call your bluff

Yeah I don't need your love  
Tell me that's enough
