

## Jealousy

Violent J

(look at you.)  
(it's on, it's on.)  
(girl, damn. hold up. damn.)  
Lady, i see you sippin' on somethin'  
Sex on the beach, i think  
Lady, you wouldn't know it, but i'm watchin'  
You let him sip off your drink  
He's standin' next to you, pushin' on you and touchin' your bod  
y  
(i don't like it.)  
I have to take him on, stick him quickly, don't get myself bloo  
dy

I'm over-powered by jealousy, but that's alright. i'm over-  
powered by jealousy, as long as you're mine tonight

Lady, even though we never met, yet  
I want your body on my floor  
Lady, you wouldn't know it but i'm on your shit  
You let that mama's-boy score

He's holdin' hands with you, and palmin' your thickness  
(i don't like it.)  
I have to cut him off, kill the opposition, silence my sick-  
ness

I'm over-powered by jealousy, but that's alright. i'm over-  
powered by jealousy, as long as you're mine tonight

(it's on, it's on.)  
I don't like it  
Even thought we haven't met, yet  
(it's on, it's on.)

I'm over-powered by jealousy, but that's alright. i'm over-powe  
red by jealousy (my sickness.), as long as you're mine tonight  
(you're mine tonight.)  
(but that's alright.)

"get out of here, motherf\*cker!"  
"f\*ck you, man!"
