

# Canada

## Violent Soho

Oh Canada  
Somewhere I could never worry  
Screaming while you're thinking  
Kickin' at the screen  
I guess it's just another hobby

The sun  
Will burn  
My eyes  
Don't let me get so high

Oh, I'll burn  
The crown  
It's weighing me down

Beautiful  
Jericho  
Let me be so free

Take the time  
Fall out of line  
Let me be so free

Aye, aye  
Uh, huh

Dear fortitude  
What happened to my cup of coffee?  
Summer is a loner  
All I got is warmer  
All my thoughts have kept me sorry

The sun  
Will burn  
My eyes  
Don't let me get so high

Oh, I'll burn  
The crown  
It's weighing me down

Beautiful  
Jericho  
Let me be so free

Take the time  
Fall out of line  
Let me be so free

Aye, aye  
Uh, huh  
Aye, aye  
Alright  
Don't let me get so high  
Uh, huh

Don't let me get so high

Don't let me get so high  
Don't let me get so high  
Don't let me get so high  
Don't let me get so

Oh Canada  
Uh, huh  
Oh Canada  
Uh, huh
