

My Generation

Violent Soho

Right before you say,
that everything you did was silly,
It's okay my friend,
ignore your religion you'll be happy.

I don't even know,
the first thing to hate was always pretty
I don't even care.
You're so insane you'll never even mean it.
That's okay

'Cause my generation, lives in moderation,
drinking up the sound with the brand new honey honey.

My generation.

1,2 3, compare.
The only person you will ever marry.
This is how we we feel, empty as we'll ever be.
We're ready, don't give me away,
the end is almost near you just don't feel it.

My generation lives in moderation,
drinking up the sound with the brand new honey honey.

My Generation.
