

Sleep Year

Violent Soho

It's complicated
Like an after-thought
Well, I just wanna leave
But I wanna be around

When all the odds are played
Prime the skyline
I'm falling at their feet

If it makes you happy
If it makes you happy (Alright)
If it makes you

End confrontation
Waving credit cards
Well, I just wanna leave
But I wanna be around

And all the odds are played
Prime the skyline
I'm falling at their feet

If it makes you happy
If it makes you happy (Alright)
If it makes you

If it makes you
Well, I just wanna leave
But I wanna be around
Well, I just wanna leave
But I wanna be around
Well, I just wanna leave
But I wanna be around
Well, I just wanna leave
But I wanna be around

If it makes you happy (Alright)
If it makes you

If it makes you happy (Alright)
If it makes you
