

# Slow Down Sonic

Violent Soho

Can we take it from the start?  
My thoughts an empty lot  
Take a token from my heart

Falling like a sped-up sound  
Pack 'em up and do it again  
Room feels like an empty scar  
Maybe I'm wasted

Slow down sonic  
Nothing's gonna make it  
Bleed my brain until I finally get it  
Slow down sonic  
Nothing's gonna make it  
On my knees, it's true  
Did I fall enough for you? Eh-eh-eh-hey

I'm shaken like a gun  
Can't keep a steady arm

Falling like a sped-up sound  
Pack 'em up and do it again  
Room feels like an empty scar  
Maybe I'm wasted

Slow down sonic  
Nothing's gonna make it  
Bleed my brain until I finally get it  
Slow down sonic  
Nothing's gonna make it  
On my knees, it's true  
Did I fall enough for you? Eh-eh-eh-hey

Did I fall enough for you?  
Did I fall enough for you?  
Did I fall enough for you?  
Did I fall enough for you? Eh-eh-eh-hey
